

## **Additional Services available for non AAMS accredited companies**

### **Smartcard:-**

SMART CARD management service including: order to AAMS, Smart Card insertion in DPX-EI 10-6a and activation according to the AAMS defined procedure.

1. Purchase and management of production Smartcards from AAMS. Charge applies.
2. Management of the Smartcards during production including insertion and AAMS activation and IDSK serial number. Charge applies.

### **Game Approval:-**

Innocore and its accredited Italian partner can provide assistance to non accredited companies in AAMS game certification.

1. Support in the administrative management with AAMS and with the certification offices.
2. Preparation of the technical documents necessary for the homologation.
3. Support service during all the certification phases.
4. Pre-Test Service of "Targa Prova" (field test) carried out at our accredited company. This normally takes a maximum of 7 days. At the end of this pre approval, it is possible to proceed to certification with a 95% probability rate of success to one of the homologation offices.
5. Project management support service to game integration with DPX-EI 10-6a.

Charge applies. Available on request at [sales@innocoregaming.com](mailto:sales@innocoregaming.com)
